

This document provides you with key investor information about this Fund. The information is required by law to help you understand the nature and the risks of investing in this Fund. This document is not marketing material. You are advised to read it so you can make an informed decision about whether to invest.

**Pacific Global All Cap Opportunities Fund**

USD E Accumulating | ISIN: IE000CN44J82

A sub-fund of Pacific Capital UCITS Funds plc

The Manager is Waystone Management Company (IE) Limited (“the Manager”)

The Investment Manager of the Fund is Pacific Capital Partners Limited (the “Investment Manager”)

**Objectives and Policy**

**Investment Objective:** The investment objective of the Fund is to deliver long term capital growth in USD through investing primarily in equities and equity-related instruments in the developed world.

**Investment Policy:** The Fund aims to achieve its investment objective, by investing at least 80% of its net assets in equities and/or equity-related securities of, or relating to, companies which are domiciled in, or that derive a large proportion of their income from, developed markets.

A developed market is a country that exhibits a more advanced economy and mature capital markets. These markets are characterised by higher GDP per capita than emerging markets, stable political environments, advanced infrastructure, liquidity and transparency.

The Investment Manager shall have regard to Environmental, Social and Governance (“ESG”) criteria, both in terms of a positive application of ESG criteria in order to identify the most appropriate investment and in terms of the application of certain exclusionary or screening factors to excluded investments which may have a negative impact on environmental or social matters. The Fund shall invest at least 95% of net assets in companies which meet the above screens.

The Fund is actively managed and does not intend to track any benchmark nor is it constrained by any index. The Fund will reference the MSCI World All Cap Index for comparison purposes.

The Fund will not invest more than 20% of its net asset value in emerging markets.

The Fund typically invests in between 30 and 50 holdings but may hold outside those parameters from time to time. The Fund shall not have any geographic, sectoral or industry focus and may invest in companies of any market capitalisation.

The Fund may invest up to 10% of its net assets in unlisted transferable securities including unlisted closed-ended investment funds which comply with the eligibility criteria for UCITS and the investment objective of the Fund.

In addition, the Fund may invest up to 10% of its net assets in warrants and rights issued by companies listed on or dealt in Recognised Markets and exchanges, and in depositary receipts and / or participatory notes where the Fund cannot gain direct market access.

The Fund shall not invest in fixed income securities but may invest up to may invest up to 15% of its net assets in preferred stock.

Such preferred stock may have fixed or floating rates of interest and need not be of investment grade, as defined by Standard and Poor’s. Not more than 10% in aggregate of the Net Asset Value of the Fund may be invested in below-investment grade securities.

The Fund may also invest in open-ended investment funds provided that they fall within the eligibility criteria for transferable securities under the UCITS Regulations and in exchange traded funds (“ETFs”) (including funds managed by Pacific companies).

Any such investment shall not exceed in aggregate 10% of the Net Asset Value of the Fund. Save for investment in money market funds for cash management purposes, investment shall only be made in collective investment schemes which have investment policies similar to those of the Fund.

The Investment Manager shall use a liquidity and valuation screening process, which considers the performance of target companies with a view to identifying companies with robust top-line growth prospects, market leading products, pricing power in its relevant market and/or cost control, high and/or improving profitability, strong balance sheets and an attractive current valuation.

The Investment Manager shall consider the performance of target companies using a range of accounting metrics and on the basis of regular meetings with management teams to allow a better understanding of a target company’s business model and management team.

The Fund may use financial derivative instruments (“FDI”) for efficient portfolio management purposes (such as hedging against anticipated movements in a market or a security or where it is more efficient than directly holding the underlying asset).

The base currency of the Fund is US Dollars. This Class is denominated in USD.

Income from investments in the Fund is not distributed but will be retained in the Fund. An investment in the Fund should be viewed as medium to long-term.

**Risk and Reward Profile**

Why is the Fund in this category? The lowest category does not mean ‘risk free’. The Fund’s risk category shown is based on historical data and is not guaranteed. Furthermore, it may not be a reliable indication of the future risk profile of the Fund

The Fund is categorised as a 6 because it is invested in financial markets and uses techniques and instruments which are subject to some level of variation which may result in gains and losses.

**Additional risks that may have a significant effect on Fund performance includes:**

- Concentration Risk – The fund typically holds a relatively small number of stocks as compared to many other funds. This may make the Fund’s Performance more volatile than would be the case if it had more diversified investment portfolio.
- Emerging Markets Risk – The fund may invest in emerging markets. Investment in emerging markets involve additional risks such as illiquidity of the securities and volatility of the markets which are not usually associated with investment in developed markets or countries.

**The value of the Fund’s investments and the shares in the Fund may rise as well as fall and an investor may not get back the amount s/he invests. Any investment in the Fund should not constitute a substantial proportion of an investment portfolio and may not be appropriate for all investors. The risk category of the Fund is not fixed and may well change over time. A full list of risks applicable to this Fund can be found in the Prospectus and Supplement. See under “Practical Information” for how to obtain a copy.**

## Charges for this Share Class

The charges you pay are used to pay the operating costs of the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

### One-off charges taken before or after you invest

Entry charge	Up to 5.00%
Exit charge	None

### Charges taken from the fund over a year

Ongoing charges	1.10%
-----------------	-------

### Charges taken from the fund under certain specific conditions

Performance fee	None
-----------------	------

The entry and exit charges shown are maximum figures that we might take out of your money before it is invested and before we pay out sales proceeds of your investment. In some cases you might pay less and you should speak to your financial adviser about this.

The ongoing charges figure is an estimate based on actual costs over the last year.

The ongoing charges include charges from underlying funds in which the Fund invests, if any.

The annual report for each financial year will include detail on the charges made.

For more information about charges, please see section "Fees and Expenses" of the Prospectus and Supplement.

## Past Performance: USD E Accumulating

Past performance is not a guide to future performance.

The Fund launched on 27/10/2021.

The Share Class launched on 26/01/2022.

Performance is calculated in USD.

Performance is net of charges and net of tax.
